Coronavirus (COVID -19)  
Update

Day Programs

## Coronavirus (COVID-19) Update

The situation concerning the recent community transmission in the northern suburbs is of serious concern to all of us and therefore it is important that we manage the safety and wellbeing of our clients and staff alike.

We are carefully monitoring the quality advice and information from the SA Department of Health and are taking all reasonable steps to comply with this advice and direction.

## Day Programs

We have made the decision that all attendance by clients at work and day options will cease for a period of one week effective from Wednesday 18<sup>th</sup> November 2020. This decision will be subject to review at the end of this week as further information becomes available regarding the second wave of the pandemic.

We will continue to provide information to keep you informed of current and anticipated developments.

Please be assured that we will continue to respond to all urgent medical issues via ambulance attendance.
